SAFE UKRAINE

Presentation of our NGO

SAFE
UKRAINE
2030

ABOUT US

Safe Ukraine 2030 is establishing the first specialized non-governmental platform to develop Ukraine as a safe nation.

Our mission : we are building a safe Ukraine – with everyone, and for everyone, who honors Ukraine's independence, democratic path, and works for its prosperity.

At SAFE Ukraine 2030, we have joined the forces of five specialized NGOs with common principles, goals, strong expertise, and many years of experience in multiple fields of security management.

GOALS & TASKS

Our common goal is ensuring security of Ukraine as a public good. For our country, and entire Europe and Western World. To achieve this, we are solving these tasks :

WE RESEARCH

security challenges, conflicts and wars; we analyze their causes and nature

WE DEVELOP

approaches to preventing threats and overcoming security challenges and their consequences

WE IMPLEMENT

applied projects to develop and restore safe environment in Ukraine

WE ESTABLISH

practical tools for safety of individuals, businesses and society

01.

Research, analytics,
and security forecasts

02.

Planning and strategic design
of security sector

03.

Development of legal framework
for security and justice

04.

Practical measures
to strengthen public security

OUR WORK

We are confident that building security is impossible without justice. Because effective and transparent organization of security must be founded on the rule of law.

Which is why we are looking for cooperation with foreign partners and representatives of private and public sectors in both these areas.

Only this comprehensive approach will let us achieve synergy in the efforts to restore and modernize security and justice in Ukraine.

OUR WORK

When selecting the areas of work for Safe Ukraine 2030, we relied on our participants' experience in the field of security. We considered the challenges facing Ukraine and the World after February 24, 2022.

Today, we work in eight security areas - from analytics to security training. We are always open to cooperation on any of these matters, and are happy to join specialized programs that have similar goals.
